NEWSSTAND EDITOR'S PICKS

[ACC: No healthcare bill better than Senate options](#)

The United Senate did something related to healthcare on July 25, which the American College of Cardiology urged lawmakers to scrap.

[First Patient Treated in U.S. Feasibility Study of LimFlow Critical Limb Ischemia Device](#)

LimFlow SA announced enrollment of the first patient in the United States feasibility study of the LimFlow Percutaneous Deep Vein Arterialization (pDVA) System.

[Artificially Created Thrombus May Aid in Cases of Endovascular Perforation](#)

Artificially creating a blood clot outside the body and then injecting it back into the patient can help stop bleeding from peripheral artery perforation during endovascular interventions, according to the results of a new Japanese study.
